INTERRUPTION OF SERVICE:

The Utility shall have full right and authority to interrupt the service whenever, in its judgment, continuing withdrawals by lakefront owners may adversely affect the Utility's dependable supply of water for water utility purposes. When Customers are notified by the Utility that the service is to be interrupted, Customer shall immediately cease water withdrawals and remove all pumps owned or installed by Customer in the Reservoir or disconnect said withdrawal systems in the manner satisfactory to the Utility. Said pumps shall not be reinstalled, or the system reconnected, until the Utility notifies the Customer that withdrawals may be resumed.
